

# COMMUNITY ENGAGEMENT AND INVOLVEMENT

## ARE YOU INVOLVED IN:

- community and social planning
- community and/or cultural development
- management and policy development
- land use or environmental planning
- community action or activities
- any work in which the public may want to have a say?

## THE WORKSHOP

*This workshop will help you develop effective approaches to engaging and involving communities in decision making and community activity.*

## YOU WILL EXPLORE HOW TO

- respond to, rather than direct, community activity;
- design effective community visioning and involvement strategies;
- build partnerships with community stakeholders;
- question effectively;
- build effective relationships;
- resolve particular dilemmas or challenges from your own experience.

*These concepts will be related directly to the work (paid or un-paid) that you do in, with or for communities. It will encourage community involvement that builds energy and trust, rather than diminishing them.*

*If you have your own 'real life examples' of challenges in community involvement, these can be explored through the morning.*

**THE TRAINER:** *Tim Muirhead, of the CSD Network has more than 20 years experience as a trainer, adviser and practitioner in community development and related fields. He now works, on a consultancy basis, with all spheres of government, non-government agencies and community groups.*

*Tim is the author of "Weaving Tapestries: a handbook for building communities"*
